

Awards 2016 Magazine Printer of the Year

Finalists

- Park Communications
- Pindar (part of the YM Group)
- Pureprint Group
- Taylor Bloxham
- The Westdale Press
- Wyndeham Roche

Winner

The Westdale Press

The Cardiff company took stock for *Take Stock*, one of several highly praised magazines. The high-end catering title had reluctantly agreed to reduce the cover weight from 220gsm to 200gsm to enable bespoke making of reels. Westdale was spot on: despite the drop in weight, the quality was uncompromised. "Vibrant results across all four submissions," concluded judges. "Some great finishing too, such as a 6pp flush gatefold on *Man About Town's* autumn issue."

Highly commended

Pureprint Group

Four different papers, three plate outputs, two coatings and one more high commendation for Pureprint, thanks to international design mag *Eye*. The Uckfield, East Sussex printer produced a superb example of bespoke print to add value to a commercially published magazine.

Wyndeham Roche

Another year, another well-deserved high commendation for the firm in St Austell, Cornwall, thanks to *Vogue*, *Boat International*, *LOVE* and *Monocle* magazines. Everything on the latter magazine is printed two-up for best possible results, with near-perfect scheduling of all the different sections. One judge "would be happy to have any of these on my coffee table".
